## GO FURTHER WITH CONFIDENCE

Integra Group is a corporate advisory firm focused on servicing business across the Asia Region. We provide business owners with confidence and assurance to pursue newer and bigger opportunities.

With offices and local experts located across major jurisdictions within the Asia Region, we are prepared to deliver meaningful and actionable solutions that help businesses succeed in their industry.

Our cross-border teams of accounting, tax, and business advisory professionals work hand-in-hand with today's business leaders to provide them their sources and local 'know-how' to go further with confidence.

**INTEGRA**  
GROUP

**"We take an integrated approach to accounting,  
tax, and HR solutions to achieve meaningful  
results and exceed your expectations."**

## Accounting and Tax Services

*Our accounting and tax services are efficient turnkey solutions to key back-office financial functions for corporates.*

---

Our CPAs and business advisors are experts in tax advisory, audit, and outsourced accounting services. Whether you own a business, operate a regional office, or have a demanding career at a multinational enterprise, we make doing business easier by outsourcing key back-end functions to professionals.

We handle your accounting, auditing, and tax needs to keep you in compliance with local regulations. On the other hand, we also provide services such as strategic business planning, payroll, tax compliance, and cashflow management to make life easier – all while maximizing your business opportunities.

We believe in creating value for our clients and communities through a firm-wide commitment to professionalism, integrity, and ingenuity. Working with Integra Group, you receive the same commitment from our exceptional group of accountants and business advisors.

Our approach to outsourcing is designed to ensure compliance across complex business operations and drive efficiency. Whether you're an established corporation or a small business expanding overseas, we ensure your financial functions are performed with the transparency, accuracy, and care needed to make important decisions.

“No two jurisdictions are the same.  
We help global business overcome the  
complexity that comes with operating in  
multiple jurisdictions.”

## Corporate Secretarial Services

*We provide essential corporate secretarial services designed to help businesses meet their compliance and operational challenges efficiently and effectively.*

---

As Asian countries become more globally integrated, there is an increasing emphasis on the importance of corporate compliance. For foreign investors, in particular, setting up in a foreign country often requires elaborate registration and approval procedures, compound by differing domestic rules and local practices.

Our team of experienced and bilingual staff is well versed in local investment regulations and compliance issues facing foreign investors. Whether it is to set up an investment vehicle, a business entity, or choose the proper location for establishing your operation, we help analyze your current situation and assess future business plans to advise on the best structure for your business.

We work hand-in-hand with you to address your needs while providing solutions to circumstances that may arise. Our Corporate Secretarial Services can be arranged to suit the tax, legal, and commercial environment where you operate, taking into account preferential policies and local incentives which may be available to you.

“More businesses are choosing to outsource HR functions to ensure globally and locally compliant operations and reduce the risks of managing an increasingly diverse workforce”

---

## HR Outsourcing Services

*Through our HR outsourcing services, businesses can cut out the complexity of managing an increasingly diverse workforce and quickly respond to changes in the workplace.*

---

Whether it is a change in corporate structure or to fill in the gap of a last-minute request, we provide on-demand support for responding quickly to changes in the workplace. We assist with designing, maintaining, and anticipating the need for workplace solutions to ensure your business stays up and running at all times.

Together with our payroll solutions, businesses have a single point of contact for all their human resources needs. We ensure that your payroll procedures are handled efficiently and always on time, regardless of the complexity of your operation.

Our dedicated teams of account managers are experienced in implementing efficient financial operation outsourcing workflows for MNC clients and large shared services centers. Whether you are looking to outsource single functions or all of your financial operations, we offer a range of integrated end-to-end solutions.

Additionally, our teams of accountants and financial professionals are well trained in managing financial operations using popular ERP systems such as Oracle, SAP, and Kingdee, ensuring a quick turnaround for on-the-job employees.

**"We bring the collective experience of experts from a wide range of industries, corporations, and countries to maximizes our client's value and deal-specific outcomes."**

---

## Advisory Services

*Our corporate advisory services enable high-performing businesses to quickly respond to local, regional, and global challenges.*

---

High-performing businesses know that confidence breeds success. We provide compliance and deal-specific advisory with a deep and broad understanding of your business, and the industry in which you operate, to provide greater confidence, value, and transparency to shareholders, directors, and trustees.

Our approach combines local knowledge with decades of experience working with MNCs to deliver quality, independent advisory, and assurance services to corporations engaging in complex financial transactions. Not only do we help ensure compliance with local and international financial reporting standards, but we also provide value elements such as identifying internal governance issues and insights that can help you address present and future risks.

Our approach combines analysis of various country, industry, and deal-specific tax risks; asset and portfolio quality; credit worthiness and compliance risks; as well as commercial operations to provide clients with valuable guidance and contingencies when approaching a business deal.
